Dear Physicians, Athletic Directors and School Medical Personnel:

The Committee on Sports Medicine of the Iowa Medical Society is updating the Pre-Participation Physical Evaluation (PPE) form starting the 2022-2023 sports seasons. This updated form was revised and created for the participants in Iowa High School Athletics in order to be most current in best practices of screening and identifying health concerns of the student athlete that are relevant to their safe participation. The information used for this update was from the Pre-Participation Physical Evaluation, 5th Edition, published in 2019. The updated form and plans for transition were shared with the Iowa Association of School Boards for review and input prior to dissemination.

Below are some brief highlights of changes to the attached form:

- Expanded Format-The form is now 4 pages instead of 2 pages.
- Mental Health Screening
- Expanded Adolescent Safety Questions
- Updated Health Questions and Physical Examination
- Confidentiality and Format Changes

SPECIAL NOTE: Page 4 of this form is ALWAYS turned in to the school for participation/clearance and emergency contact information. This page can be used by any and all personnel of the school.

However, due to HIPAA/FERPA regulations, a licensed health care professional and confidential storage of the sports physical form pages 1 through 3 is necessary, if those pages are to be kept at the school and used for medical purposes. Otherwise, pages 1 through 3 can be kept with the provider who performs the Preparticipation Examination and a waiver should be signed for release of information by the student athlete and parent if this is required by the school for participation of the student athlete. (*Ref: 5th Edition of Pre-Participation Physical Examination, 2019, pgs 25-27*)

We appreciate your understanding in these updates and changes to mirror best practices in the Pre-Participation Examination. By working together in this, we can help to provide the safest environment for participation of our student athletes.
